# Waste disposal

## im Haus Montanara myRelaxs!

### Yellow bag

- Plastic bottles of drinks (PET), cleaning products, dishwashing liquid, shampoo etc. (please squeeze the bottles)
- Plastic packaging such as yogurt cups, plastic lids, etc.
- Styrofoam, plastic nets, plastic fruit and sausage bowls
- Plastic film, plastic carrier bag, etc.

**Please empty and clean all packaging completely. Otherwise the bags will be torn apart by Füchsen & Co. when they are picked up on the street**

### Recyclingkisten

- Plastic-free paper, no dirty paper such as kitchen roll, Tempos etc.
- Vote
- Tin cans/metal

### Gray bin / white bucket for organic waste

- compostable kitchen waste, including tea bags, coffee pods, cooled ash and sawdust
- **No paper, no other waste!!**

### Black bag

- Remaining waste

**Dog bags with dog excrement:** The remains of four-legged friends are a big problem for our farmers. Cows and sheep can become ill if they have eaten grass contaminated with excrement. Excrement in the hay harvest is also a big problem, as food that has been brought in with great effort for the animals becomes inedible.  
Please use dog bags everywhere!

# Important

im Haus Montanara myRelaxs!

Please only park your vehicles in our parking lot in front of the house! There is usually space for 5 cars. If there is not enough space, there is a large parking lot in front of the bridge at the Aktivpark, where you can also park your car free of charge.

We regularly clear and grit the path to the house. Please walk the path carefully and use the handrail. If you need gritting material, you can find it in the ski stable.

*Kind regards, your René*
